DEPARTMENT OF ZOOLOGY

“ESSAY WRITING COMPETITION”

Date: 17/09/2018 Day: Monday

Venue: B-02 and B-03 class room

Programme: To commemorate Ozone day.

Essay writing competition was organized for students of B.A, B.Com and B.Sc I, II & III year students from the Department of Zoology under Eco-club to commemorate the ozone day to create awareness about the importance of ozone day and how today's life is playing an important role in depletion of ozone layer leading to environmental hazards. Hence the students were asked to write the essay on the topics;

1. Role of plastic in depletion of ozone layer
2. Role of people and government in protecting ozone layer

Beneficiaries: 77 students of I, II and III B.A, B.Com & B.Sc.

Ozone layer is a very trace component layer present in the atmosphere; it is situated between the stratosphere and troposphere which is 10 to 50 km above the earth's surface. It acts as an outer protecting shield which protects every living thing on the earth from the harmful radiations, which in turn protects from the destruction of our planet.

Precisely for the above reason Department of Zoology, has organised essay writing competition to create awareness in students about the environment and its importance.

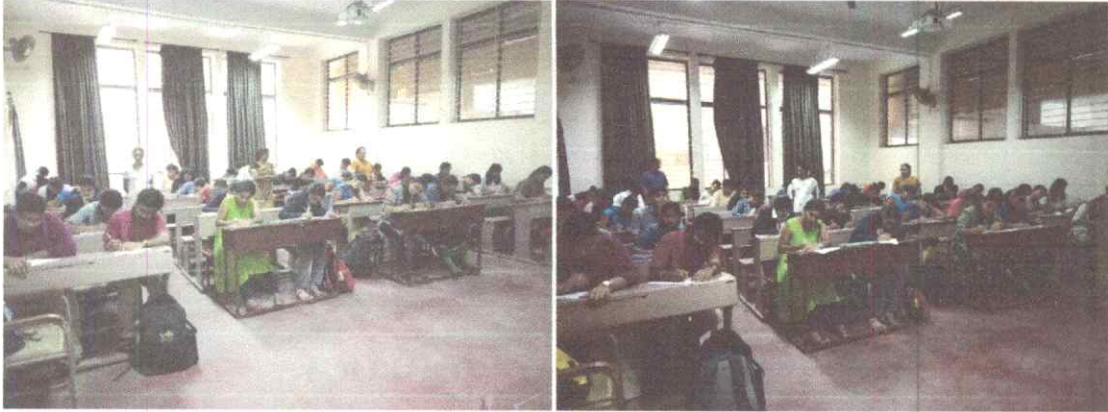

- ✓ To create awareness among the students about the ozone layer.
- ✓ To disseminate knowledge and understanding of the importance of the protection of ozone layer from the pollutants
- ✓ To emphasize on the depletion of the ozone layer and take up the preventive measures to stop it.

Students wrote about the ozone layer, how important it is in protecting the “living planet”. The causes for the depletion of the ozone layer and the preventive measures to be taken by all of us as the children of the mother Earth to control its depletion which is a responsibility.
