Department of PG Studies in Commerce, M.Com
UGC STRIDE COMPONENT - I

IQAC Initiated UGC STRIDE sponsored five-day Virtual Workshop on Research Problem Identification & Data Interpretation scheduled from 2nd to 6th July 2021. Resource persons, **Gowtham S**, Lecturer in Commerce, KLE Independent PU College, Nagarbhavi, Bengaluru, **Dharshan D Ranganath**, Coordinator of Commerce, KLE Independent PU College, Nagarbhavi, Bengaluru **Varshini R**, Financial Analyst . Hewlett- Packard, Bengaluru, **Rakshana R** ,Assistant Professor of Commerce, KLE's S Nijalingappa College, Rajajinagar, Bengaluru, **Divya R**, Assistant Professor of Commerce, KLE's S Nijalingappa College, Rajajinagar, Bengaluru Research is the systematic and objective process of gathering, recording and analysing data for taking appropriate & meaningful decisions. It connotes patient study and scientific investment, wherein the researcher takes a more careful look at data to discover all that could be known more deeply about the subject under study. Applied research facilitates managerial decision-making and reduces uncertainty. To keep pace with the recent advancement in any discipline, one has to be well versed with the latest developments in research methodology.

Keeping in view the importance of research methodology, workshop on Research Methodology & Data Analysis (RMDA 2020) aims to explore the basic dimensions of research and the concomitant need for participants to rethink about the assumptions that underlie historic paradigms of research. The workshop is designed to offer the participants a hands-on approach to conduct research. On completion of the workshop, participants are likely to have developed the skills to review the literature, develop hypotheses, frame research design, identify sampling techniques and comprehend the role and relevance of the tools for data collection analysis and report writing. The five-day workshop will expose the participants to brief theoretical as well as practical inputs. The participants are expected to bring their research problem & data if they wish to work on specific problem during the workshop and at the end they will be able to analyze data independently.

Objectives

- To provide an overview of Contemporary Research Methodology & Review of Literature.
- To provide the platform for discussion on the methodological requirements of research and to simulate & capture new approaches.
- To enable researchers, irrespective of their discipline, in developing the most appropriate methodology for their research studies.
- To make them familiar with the art of using different research methods and techniques.
- To provide the platform for discussion on the statistical requirements of the research.
- To train and inculcate the skills for Data Analytics.
- To guide participants for Publishable Technical Writings (including Research Ethics)
